

## CSW Olympics

By: Allison S., Emma H., and Ella D.

During Catholic Schools' Week, some students from every grade participated in our Olympic games. We did different activities, and each grade competed against the opposite class. Each grade was required to wear a different color that is on the Olympic rings. Other students who were not picked were able to cheer on their classmates. All grades from Pre-k to 8th grade were able to participate in the games. Each game that was played was set on a level depending on the grade, so that everyone had fun and was capable of winning. Our favorite sport was the 8th grade when they were "ice skating." We thought it was the funniest event out of all of the other activities.

## Career Day

By: Angela H., Brianna C. and Samaira S.

For this year's Catholic Schools Week, we had many entertaining activities including Career Day. Career Day is a day in school where students discover different occupations or learn more about ones they already know. Students' parents volunteer to talk about their profession. There were several diverse jobs, some were common and others were not of the ordinary. All of the kids loved hearing about the different jobs that all of the volunteers discussed. Some of the ones that stood out to us were police officers, pathologist, and those in public relations. All of the jobs were interesting to learn about and we hope that many children go into these professions. In conclusion, Career Day was an excellent addition to Catholic Schools' Week.

## Hall of Honor/ Open House

By: Isha M., Carly W., Azaila J.

The open house was part of the series of fun events throughout the school. We had our 2nd annual Hall of Honor breakfast and Fine Arts Showcase. At the breakfast, we inducted two more alumni into our Hall of Honor, Frank Buzydlowski and Deacon Patrick Diamond. Another special guest we had was state representative, Martina White, who also attended this breakfast and also presented the Hall of Honors. The catering was delicious, appetizing food such as: eggs, sausage, pancakes, french toast, fruit, and much more. After the breakfast, our school also presented the photography club sale, art show, and science experiments during the school's open house. People had the opportunity to test science experiments that our students are currently studying. Student Ambassadors also led tours, welcoming new families into our school. We hope to see you next year!

## Bingo/Prayer Partners

By: Julia M., Stefanie D.

On Friday of Catholic Schools Week, we held a school-wide bingo game. Some students were with their prayer partners during it. It was held by Mr. McDonough with the help of Gavin Kelly, the president. If a student got bingo, they would win a dress down day pass along with a candy bar. The bingo game was held in the classrooms while Mr. McDonough called out the numbers on the intercom. The bingo game was done after Mass at the end of the day. It was a very fun event for all students.

## Walnut St. Theatre

By: Jake C., Dominic C., Aaron H., and Jomal M.

In the middle of Catholic Schools' Week, the Walnut Street Theatre performed a play for us. It was regarding how we all feel pressured to be perfect sometimes. The lesson was that we should do our best. The characters were portrayed very well and had a lot of emotion. The actors and actresses had a Q & A session after the spectacular performance. We all learned a very valuable lesson: We all have our own special talents, but we should do our best and make an effort in whatever we do. In conclusion, this play was a marvelous learning experience for us all.
